YOUR FIRE AND SECURITY SOLUTION

ALARM TECHNICIAN SECOND / THIRD SHIFT

Boston

AFA Protective Systems, Inc., an established Alarm Installation and Monitoring Company, has an immediate opening for an experienced alarm technician to service the Massachusetts area. *Massachusetts D Systems Technician license is required.*

The successful candidate should be looking for a long-term employment relationship and have experience servicing:

- Burglar Alarm
- Fire Alarm
- Closed Circuit Television
- Access Control Systems
- NICET Certification and knowledge of national and local fire alarm codes is a plus!

Compensation package includes great hourly wage plus overtime, company vehicle, expense reimbursement, 401k retirement plan and medical and dental plans. If you're a team player, who is looking for a company that will provide long-term stability and if you are not afraid to work hard, we want to talk to you!

The Second and Third shift will be responsible for the following:

- Respond to Masterbox resets within the Boston area. Mostly inside the Route 128 Belt.
- Masterboxes disconnect and reconnects
- Fire alarm resets within the Boston area. Mostly inside the Route 128 Belt.
- Burglar Alarm response within the Boston area. Mostly inside the Route 128 Belt.
- Minor service repairs replace smokes, batteries etc.

Salary: $28.00 - $40.70 per hour (depending on experience) *with ample opportunity for OT.*
