

MASSACHUSETTS (BOSTON)

ALARM SERVICE TECHNICIAN (SECOND AND THIRD SHIFT)

AFA Protective Systems, Inc., an established Alarm Installation and Monitoring Company, has an immediate opening for an experienced alarm technician to service the Massachusetts area. The successful candidate should be looking for long-term employment and have experience servicing

- Burglar alarm
- Fire alarm
- Closed circuit television
- Access control systems
- NICET Certification and knowledge of national and local fire alarm codes is a plus!
- **Massachusetts D Systems Technician license is required**

Compensation package includes great hourly wage plus overtime, company vehicle, expense reimbursement, 401k retirement plan and medical and dental plans. If you're a team player, who is looking for a company that will provide long-term stability and if you are not afraid to work hard, we *want to talk to you!*

ASK ABOUT OUR SIGNING BONUS
